# LUCK FAVOURS THE PREPARED

We seek perfection.  
To us, that is the beauty of golf.  
The power of the perfect swing.  
Becoming the best by mastering  
the basics.

Our aim is to build the tool that ultimately captures  
the golfers entire power and precision. To create  
clubs that feel like an extension of your own body.

Golf is about perfection. Golf is about balance.  
Golf is about repeating your movement over and  
over until it's perfectly in tune with the course.

We can't keep you out of trouble.

Sometimes, no matter how good you

play, you will need something extra to

reach that peak. So when that extra

challenge is coming into show, the

Tonino Lamborghini Fairway Woods

and Rescue Woods will take you exactly

where you point them.

Through the making of Tonino Lamborghini watches, we got the knowledge of Swiss watchmaking, its millimetric perfection and precision. We've incorporated this into our carefully crafted putters making them the ultimate tool for the discreet art of putting. Of course, we could lecture about this all day. But we'd rather let your scoreboard do the talking.

## COVER

- Newly developed Epochal cover material for superior spin, soft feel and maximum overall carry.
- New high elastic cover material gives great durability with maximum performance.
- Ultra thin injection molded cover, just 1 mm, achieves optimum carry distance from high performance large core.

## CORE

- Produces maximum responsive power by using Neodymium catalyst BR: maximising the CORE
- Gives great feel off the clubface by using a unique SOFT CORE
- Produces maximum initial velocity through the LARGER CORE

## DIMPLE

- New computer designed 332 dual dimple pattern gives positive driver trajectory and carry distance whilst maximizing short iron spin rate with reduced roll.

## MANTLE

- Maximum responsive power and carry distance from the high performance Ionomer cover.
- Large unique responsive core gives maximum velocity.
- Soft feel core and unique thin cover gives greater feel and control off the clubface.
- Maximum distance by minimizing DRIVER SPIN through unique ball construction.

## THE TONINO LAMBORGHINI BALLS

The new tonino Lamborghini ball is a high quality, high performance, professional golf ball. Increased velocity, spin performance, feel, durability and control makes this unique golf ball perfect for every golfer. Combines maximum distance and directional control from woods and long irons with feel and backspin control from short irons and wedges. The incredible soft sound while putting results in maximum confidence at the green.
